JUNE 2011

PARKING LOT CLEANING AND RESTRIPIING

We have hired a company to clean and stripe the parking lot and paint new numbers on the curbs beginning June 20th through July 1st. The company that the HOA has contracted with will be working throughout the property to complete this work during that 2 week time frame. There will be times when you will have to move your car. You will be notified when this is necessary. Also, during this time, do not park too close to the curb so they can paint the numbers on the curbs. More information will be forthcoming prior to the work commencing. If you have any questions,

ANNUAL MEETING

Our annual meeting will be held in August. We will have two board member positions available. The board is currently working on several different projects throughout the community. We will be conducting a landscaping walkthrough in early June to review our landscaping needs.

POOL OPENING

The pool is now open. For you own safety and the safety of others, please follow the pool rules. If you need a pool key, they are available at the CMS office.
